

Director of Finance (m/f/d) Frankfurt am Main / Vaduz, Liechtenstein, asap.

Virtual currencies will create monetary competition and disrupt the financial world as we know it. Advanced Bitcoin Technologies is all set to unite the best of fiat, crypto, and digital currencies and enable businesses and individuals to transfer, store, and exchange money easily and securely – no matter which currency. We change the way people transact to help shape the future of money.

The Mission

Joining us will be very challenging and rewarding. Working at ABT means maximum commitment to taking ownership from day one and giving everything for our business to make a meaningful and sustainable impact. We expect to win with every action we take – and so should you. Does this mean huge challenges? Definitely. Does this imply frustration? Certainly. Does this require long hours? Absolutely. Is it worth it? Totally. Now, if this is not your thing and you are just looking for absurdly high and conveniently grabbable paychecks to afford and show-off your latest designer suit and sports car – this is not the place for you.

What you bring

Qualified candidates must have all the following attributes:

- 4+ years hands-on experience in project management, financing rounds, M&A, and leadership roles in top-tier accounting firms, investment banks, and startups
- Excellent analytical, conceptual, and structuring skills esp. natural and inherent understanding of numbers
- Entrepreneurial spirit and pro-active and result-oriented roll-up-your-sleeves and get-stuff-done attitude
- Resilient track record of self-directed preparation and audit of individual and consolidated financial statements
- Strong track record in project management and people leadership esp. process design and vendor steering
- Initial track record in managing, structuring and closing financing rounds and M&A deals
- At least basic knowledge about cryptocurrencies and functionality of the blockchain / DLT
- Ability to keep up with digital natives across the MS office ecosystem esp. Excel, PowerPoint, Outlook, SharePoint
- Fluency in spoken and written English and German (mother tongue required)

What we offer

In return you can expect all the following:

- Unique opportunity to have real impact and shape the future of money
- Massive career booster and very fast track to C-level role in only 12 months
- Attractive base salary plus significant performance bonus in real stock options for exchange listed shares
- Very flexible home office and vacation arrangements
- Industrial loft-style headquarter in Frankfurt am Main incl. parking and additional office in the House of Blockchain in Vaduz, Liechtenstein

Sounds like a deal?!

Email your application incl. motivation letter, CV, and all relevant credentials to [Dr. Yassin Oliver Hankir](mailto:Dr.Yassin.Oliver.Hankir@advanced-bitcoin.com), CEO, Advanced Bitcoin Technologies AG
