### **The Mission**

Joining us will be very challenging and rewarding. Working at ABT means maximum commitment to taking ownership from day one and giving everything for our business to make a meaningful and sustainable impact. We expect to win with every action we take – and so should you. Does this mean huge challenges? Definitely. Does this imply frustration? Certainly. Does this require long hours? Absolutely. Is it worth it? Totally. Now, if this is not your thing or you just accidentally like startups for their cute office dogs or hipster vegan food – this is not the place for you.

### **What you bring**

Qualified candidates must have the following attributes:

- Outstanding degree/MBA at a top university
- 3 to 5 years of experience in a top-tier consulting firm, Investment Banking, Venture Capital, Private Equity and/or startups
- Proven track record of personal, academic, and professional achievements and demonstrated leadership among the best of your class
- Entrepreneurial spirit and pro-active and result-oriented roll-up-your-sleeves and get-stuff-done attitude
- Ability to achieve goals in a fast-paced environment while always thinking one step ahead
- Strong drive and ambition to perform, ability to work with little instruction, flexibility, and speed to consistently deliver quality results under high pressure and tight deadlines
- Excellent conceptual, structuring, and analytical skills
- Track record in implementing and running efficient business processes and P&L management
- Ability to keep up with digital natives
- Fluency in spoken and written English and German (mother tongue)

### **What we offer**

In return you can expect the following:

- Unique opportunity to have real impact and shape the future of money
- Massive career booster and very fast track to your C-level role in 12 to 18 months
- Directly and closely work with and report to the passionate founders' team
- Inspiring cross-functional and multi-cultural team
- Headquarter office in the city center of Frankfurt/M
- Base salary plus significant performance bonus in real stock options for exchange listed shares
